---

Niall cautioned about moving too quickly, but is definitely interested in working with FHCA to move projects forward. He once again mentioned the upcoming hard court City study and urged our Association to stay involved.

Board is interested in the usage records for Victoria Park and St. Mary's H.S. Who would have the data?

### MEETING OUTCOME:

Association is committed to develop a broad plan with a focus on community engagement.

Ray will work with Laura to investigate the opportunities in Forest Heights she has been involved in.

Ray will visit city sites that have similar facilities and report back to the Board.

The Board will consider recommendations at future meetings.

Everyone agreed it was a very interesting and valuable dialogue.
